Locals Lose To Bartletts; Meet N. C. On Sunday

Players of Both Sides Fatten Averages In Game

Manager Tom Dolley was forced to shift his infield around in the early innings of Sunday's baseball game and that was one of the causes of the Mountaineers dropping the Placer Nevada League final home game to the Placerville Bartletts 16 to 12.

Placerville scored hits in each inning except the ninth and Truckee failed to hit only in the third and ninth as most of the players on both teams swelled their batting averages.

Charles Perry started on the hill for Truckee, was hit nine times before he was pulled in the fourth to be replaced by Frank Giovannoni. Carpender pitched the nine innings for the visitors and struck out 12 batters.

Five home runs enlivened the game. Rodda, Placerville center fielder, hit two, with Rossi, Harvey Martin and Christie each getting one apiece. Eddie Ulsheimer didn't hurt his .483 batting percentage as one of the top men in the league when he got two for four. Christie banged out three for six. Harvey Martin, Art Williams and Johnny Faight each got three for five and Bill Martin tapped two for three.

Placerville led 13 to 5 at the end of the sixth and Truckee rally in the seventh and eighth brought the game to a closer tempo, but the heavy odds could not be overcome. Christie and Bill Martin each batted in four runs while Harv Martin brought two across the plate. The complete box score will be published in next week's Sierra Sun.

Next Sunday the locals wind up the series at Nevada City and then a couple of post season contests will be played here, Dolley said.

Last Sunday Nevada City put Roseville into a tie with Lincoln by knocking them from their unbeaten perch 13 to 5 while Lincoln measured Grass Valley 6 to 3. Colfax won over Folsom 10 to 8 in an 11 inning tilt.

Purchase of Power Tops Expenses; Cost $37,565.62

Although the electric department of the Truckee Public Utility District shows a consistent and substantial gain during the past 18 months from January 1, 1949, to June 30, 1950, the water department is a constant drain upon the district.

This is revealed in the report submitted to the board of directors by Harry M. Straine, public accountant, who recently completed an audit of the district.

The net revenue from all operations, according to the report, was $6,011.65.

The report indicates that during the 18 month period the electric department collected a total of $91,520.91 and expended or depreciated $86,700.17, leaving a cash balance of $4830.74.

Purchase of electric energy accounted for the largest single outlay, the bill being $37,565.64 for the period. Repairs and replacements accounted for $11,885.45 while fixed salaries totaled $8730. This does not include labor costs which are accounted for in general items.

Rent, water and heat cost $1417.55, office supplies $1251.67 and transportation cost $1297.24.

Other disbursements included $8060 for a warehouse, $2606.54 cash advance to water department, and poles and lines $3472-.08. Withholding tax totalled $2077.55. There were other lesser sums listed in the full report, available at the office of the district.

Sun Beams

by Walter M. Barrett

When incorporation was suggested for Truckee a few years back there were many people who protested that it would cause taxes to rise. They perhaps gave little thought to the fact that if a community is to enjoy the privileges of streets, police and fire protection, sanitary facilities, schools and other modern-day living necessities, they must be paid for. This year Truckee will probably pay the highest taxes in its history and it is not incorporated. Taxes are not levied by a single group of councilmen, as is the case in an incorporated area, but are established by budgets prepared by a number of boards. The county board of supervisors scan the budgets, call meetings for hearings and protests, then fix the necessary rate to raise the money asked for by the various boards, keeping the amount within legal limits and trimming where they can. We do not believe and have never believed that incorporation, where all our various boards are centralized, that it would cost any more than currently and likely not as much. We offer in support of this contention, the following news item datelined Lodi, San Joaquin County:

"The city council has set the 1950-51 tax rate at $1 per $100 assessed valuation, one of the lowest in the state. City officials credited the rate largely to revenue received by city owned electric, water and sanitary systems."

Tax Boost Seen For County With Truckee Highest

Many Local Districts Seek Big Slices Of Tax Dollar

Taxes are going up this year. This was assured after the board of supervisors scanned the proposed budget and tentatively set the basic county rate at $2.30 as compared with $1.97 for the year 1949-50.

In the Truckee area the rate, through taxes on the various districts, will range from a low of $4.81 to a high of $5.77.

Added to this high in the Truckee Sanitary District may be a proposed special local assessment, which is tentatively expected to raise equivalent to $1.60 per $100 assessed valuation by multiplying the present assessment four times, accordto William Tamblyn, deputy county assessor.

The board of supervisors meets August 21 to set the rates tentatively established and a short time later will meet again to approve them. None of the present rates are definite but are required under the approved budgets, Supervisor H. G. Loehr said.

General Rate Up

The general rate in the county increases this year from $1.38 to $1.85, with a drop of five cents in salary, from .34 to .29. No tax was necessary for veterans buildings, Loehr said, and the .11 charged last year will be eliminated.

Local Costs

As tentatively established the rates locally are: basic, $2.30; cemetery, .07; hospital, .14; Donner Summit Public Utility District, .50; Tahoe Truckee School District, interest and sinking, .89; Truckee Sanitary maintenance, .36; Truckee Sanitary interest and sinking, .03; Fire district maintenance, .28; hospital district interest and sinking, .11; Truckee school interest and sinking, .04, and Donner Trails school interest and sinking, .17.

Incorporated Areas

Last year the high rate in the Truckee area was $4.81 and the low $3.63.

The lowest rate in the county is listed for North Bloomfield, where only $2.70 will be charged.

Nevada City will pay $4.80 as compared to Grass Valley's $4.26 as a base rate within the cities.

Potential Voters Are Reminded to Register

New voters and those who failed to vote in 1948 or who have changed precincts must register for the November general election before September 14. HUGE CROWD OUT FOR REGATTA AT TAHOE ON SUNDAY

TAHOE CITY— A crowd estimated at around 3,000 lined the piers of the Tahoe Boat Company harbor in Tahoe City and nearby highways and banks to witness the second annual regatta last Sunday, staged by the Coast Guard Flotilla 61 Auxiliary of Lake Tahoe. The sky was clear, the weather warm and the water ideal. No accidents marred the events, although two first aid foats stood by in case of emergency at either end of the course. Fred Main, doing his first job on the mike, handled the announcing like a veteran.

Most exciting event of the regatta was the Lake Tahoe championship race held at 11:30 and broadcast over Reno radio station KOH by Larry Geraghty. Easy winner was veteran racer Wendy Tucker of Folsom, who piloted his speedy hydroplane, The Rattler, over the course in 2 minutes 13 seconds. Rudolph Zimmerman of Sunnyside and San Francisco in Zim-A-Ru placed second; Brad Baruh's Shooting Star, third; Carl Bechdolt Jr.'s CS Parky, driven by brother Bill, fourth; Charles Mapes, Reno, fifth in Gloria M; E. L. Oliver's Hey There IV, sixth; followed by Randy Walker's Ranjac VI and boats of Margaret Hankins and Bob and Don Ham.

The 115 HP event went to Jack Fuller of Sacramento in Pee Wee in 3:01; Wells Watkins, Reno, in Little Rebel, second; Ernie Costa, Marysville, third; Tom Dwyer and C. Mang, fourth.

The 350 cu. in. engines and under: Bud Scott, driving for Margaret Hankins of Meridian, first in 2:45; Walker's Ranjac IV, second; Bechdolt's CS Parky, third. The 325 HP and under, 25 feet and longer, race went to Zimmerman's Zim-A-Ru in 2:38; Baruh's Shooting Star, second; Oliver's Hey There IV, third.

The first kids' championship race for youngsters under 14 in 5½ HP outboards, one lap, was won by Wallace Breuner in 2:19; Joe Higginbottom, second, and eight year old Louis Marston, in a 3 HP outboard which he aided along with a paddle during the race, much to the amusement of the crowd, came in third.

Winner of the water skiing championship was Edwin Browne with Don Ham second and Ken Scott third. Others competing included Brad Baruh, W. A. Crockett, Lee Bart, Allen Steltzner, Carol Levy, Fred Corfee, John Marin and Dick Rowley.

Winner of the hot rod event was Mike Brown; Jerry Breuner, second, and Scott Kemper, third.

Mrs. Ollie Meek was winner of the first women's championship race at Lake Tahoe. She drove the Bechdolt racer, CS Parky, to win in 2:45, followed in order by Mrs. Margaret Hankins, Gloria Mapes, Mrs. Wallace Breuner and 12-year-old Carol Levy.

The relay race went to the team made up of boats owned by Carl Bechdolt Jr., Margaret Hankins, Brad Baruh and Dave Stores. Eleven boats entered the relay.

Mrs. Hankins was awarded the perpetual trophy, donated by Carr Bechdolt Sr. of Tahoe Inn. She accumulated the greatest number of points in the day's racing, 13. She will have her name engraved on the trophy and will get to retain it until next summer's regatta.

Prizes were awarded at the conclusion of the racing in front of the Tahoe Boat Company office by Commander Al Wayne of the 12th Naval District in San Francisco; Jack Lyons of Cave Rock, commander for the Lake Tahoe area; and Robert Larocca, vice commodore of the 12th Naval District Auxiliary, from San Jose.

A highlight of the day was the outstanding water skiing performance of 5½ year old Ni Orsi, son of Mr. and Mrs. A. J. Orsi of Stockton, believed to be the world's youngest water skier.

Judges of the regatta events were Carl Bechdolt Sr., Commander Wayne, and Judge J. E. Hickey of Gardnerville. Larocca served as starter.

Summit Scene

by FRAN COUILLARD

Five gals walking down the highway stiff, tired, a trifle bow legged gives silent evidence of a horseback trip into the back country which was patterned after the same route taken by the men sportsmen of the area. The gals, not to be outdone by the fellers, undertook a trip to Buzzard's Roost Lake, snuggling back of the Montez country, and while a couple of them were pretty good in that line, the majority of them hadn't straddled a saddle this season. Betty Horak, the organizer, waxes enthusiastic about the whole thing. A couple of the others groan a bit.

The Burnal Euers and the Bill Vails followed the same trail a few days later but spent the night in the wilds in their sleeping bags where Vida Euer acquired the nickname of "Feathers" due to a small hole in her bag which emitted the fluttery things and lodged in her hair. They all came back with glowing tales of the country and excellent fishing reports.

Among those who travel in the back country these days is Roy Mikkelsen who escorts a bunch of Palisade Lake youngsters to the Devil's Peak country for a fishing expedition. James Gould and his Junior of Cisco buy hunting licenses to try the coast country for a buck.

But all did not leave the area as this might indicate for there couldn't have been a square foot of space left in the Beacon Hill establishment last Saturday evening at the official and grand opening of the Moriano swimmin' hole. The masquerade party was a hoopin' success with the Carl Buek family taking the limelight as water babies, the whole darned kit and kaboodle of them. At midnight we were all agreeably surprised when we sang "Happy Birthday to You" to our host, Elmo Moriano, who picked his natal day for the date of his big coming out party for the old swimming hole. To add to the festivities, the gang from around Crampton's and Big Bend gave Elmo a rip-snorting scarlet smock type shirt as a token of appreciation for the donation of his new pool to the Red Cross the kids.

Ice Lakes and the Soda Springs Hotel swarm with "extras" as various loggers, PG&E and logging contractors stride over these parts building roads and taking out logs. Ice Lakes managed to squeeze in a Lions wing-ding for the Auburn club a week ago last Sunday when 100 of the Tail Twisters journeyed to that spot for one of Bill Rutherford's fabulous brabe-chicks and barbesteaks. From the way they waddled out from the back country, would say that they were amply filled and entertained.

The music continues to amuse and intrigue the native as well as the traveler when the Soda Springs Ski Corporation wind up their broadcasting system every day heralding the running of the ski tow—or aerial ride as they call it in the summertime. Don't forget to take this trip before the summer is over and most or all, don't forget your camera for the view is superb in every which way and right now the wild flowers bloom beneath your feet as you swing yourself up in the chair lift.

A good party was given for Rita and Bill Vail who have moved down Auburn way and Muriel Jones whose birthday it was on July 30 in Elmo's backyard with swimming and the barbecue steaming away whilst chicken was soakinig in the Be-Q sauce and the garlic bread was warming in the oven. The spaghetti sauce made by Elmo's mama was contributed as part of the celebration. The Hooleys, the Horaks, the Euers (Burnal being the barbecuer), the Van Everas, the Rowtons, the Waltons and yours truly, beside the guests of honor, made a nice assembly of about 20 who really enjoyed the good food and stuff.

We regret to report an ill list for the past few weeks. Mrs. Bill Gray of the cute Swiss chalet house that sits on the highway catacorner from Beacon Hill Lodge, and Mrs. Paul Norboe break down with mysterious eye ailments that cause hospitalization for a few days. Edvi Aro rests in a Nevada City hospital after a bad automobile accident. Edi's family report that he is improving.

Camp Pahatsi changes its name temporarily as the Camp Fire Girls take over and rename it Camp Yolani, or something like that. Evelyn Gassoway and Pat Brennan move their belongings into the gal's camp after proficiently teaching 85 kids how to swim at Beacon Hill so that they may continue instructing. According to the many mamas of said 85 who have already received instruction, these two, under Red Cross sponsorship, did a magnificent job.

The same convention that made of Donner Summit Lodge a beehive last year must have liked the place for the group of audio-visual teachers take on their course at this lovely place again this year. Bud Horak reports a house that is brimful and running over while Ice Lakes takes the overflow.

Last but not least we report a community club watermelon bust which was given to the hill top workers who labored on the school grounds at the last regular community club meet. Everyone had fun, we hear. And to go further into community club doings, don't forget the fishinp contest for kids which is to be held shortly.

11 Killed In County by Car Crashes in 1949

SACRAMENTO —(W. N. S.)— An exhaustive survey of accidents in California during 1949 was announced by the California Highway Patrol this week, showing that 3,166 persons lost their lives during that year as a result of automobile wrecks.

In 60,773 accidents, the report of Commissioner Clifford Peterson indicated, a total of 86,410 persons were injured.

In Nevada County, 11 persons were killed, 226 injured in 149 accidents during the year, according to the report.

Excessive speed, revealed the survey, caused 43.9 per cent of the fatal accidents, while 13.1 per cent of the drivers involved in traffic deaths were under the influence of liquor.

SWANEE'S TAHOE LETTER

Tahoe City, August 10, 1950

Dear Tahoeites:

Although the heading of our weekly letter this week remains the same, from this week on it will be addressed to and written for the boys and girls who are returning to the service of our country. In other words, it will again become the Service Letter which we conducted during World War II. I will strive from time to time to cover the small everyday items which the folks at home some times forget to mention and which are important to those separated from home and loved ones. I can't help feeling sad that the Service Letter is again needed, as I, like many others, had sincerely hoped I would never have to experience the tragedy of another war in my time. The Sierra Sun wlli be sent free to anyone from the Truckee-Tahoe-Donner area entering the service, all that is necessary to receive it is a request with the name and address of the person. Any change of address should be forwarded at once to the Sun office at Truckee. We of the Sun will welcome any news from those in the service from any of our readers.

First Lake Tahoe boy known to have been sent to the fighting area is Howard Carnell, son of Mr. and Mrs. Howard Carnell of Tahoe City. Howard was stationed with the Marines at Oceanside for a year and a half and served with both the medical and transportation corps during his training period. He was believed slated for the post of ambulance driver overseas. Charles Henrikson of Lake Forest, whose wife Eunice is expecting a visit from the stork this fall, last week received a telegram from Uncle Sam informing him that effective August 16 he could consider himself in active military service with the air force. Charles spent four years in European duty in the last war with the infantry. Pete Ables, fiance of Miss Ditty Bolton, has not been heard from for some time now. He was stationed at Guam with the Navy for many months. Word has been received here that both Donnie Prusso, son of the Everett Prussos of San Leandro, and Larry Darlin, son of the Otto Darlins of Oakland, builders of the Village Store, have been stationed at a Texas base with the air force. Another former Tahoeite now stationed at Fort Sill, Oklahoma, is Lieut. David Roy Spencer, son of Mr. and Mrs. Jack Spencer, former Lake Forest residents. A graduate of Carson high school who also attended University of Nevada, he is the first graduate of the University of Santa Clara, whence he graduated June 17 with a BEE, to ever receive a direct appointment to the regular army. He was sworn in as a second lieutenant in the field artillery July 8. His mother, Mrs. Helene Spencer of Reno, visited her son at Santa Clara before his departure. Young Spencer is a World War II veteran of five European campaigns. His wife and three children are remaining for the present at Santa Clara. Fred Holt, son of the George Holts, is looking forward to donning the uniform of the Marines within the next few weeks, following physical exams. He is now employed at Phil Olander's service station at Tahoe City while waiting to be called.

Heard yesterday that Terry Tollefson of Big Chief Camp goes back into traction for a lengthy period to heal that newest break in his leg. After the valiant fight you made at Sun Valley Hospital, we know you will see it through.....and good luck.

I've been sending anglers down the Truckee River for some weeks now, assuring them there were plenty of fish available but it was not until last Saturday that I was positive they were being landed. Gerry Waters of Tahoe City arrived to fish the river just in front of our chamber of commerce booth shortly after 10 a.m. Before 1:00 p.m. he returned to his car with the limit in his creel, beauties all, from little fellows to a shiny 12 incher. Now I'm SURE there are fish in the river. Gerry says it's just full of trout—and proceeded to prove it.

Charles Warner, well known Tahoe City builder, was pleased to note in the August House & Graden magazine a three page spread, with pictures, of one of the beautiful Tahoe homes he has built. It is that of the Brooks Walkers, a massive seven room, two story house which graces the lake's western shore not far from Tahoe City. It is an all-season domicile, surrounded by giant firs and boasting wide rambling porches and sundecks, massive fireplace, with barbecuing facilities on the back terrace. Joseph Esherick was the designer.

Will end up the weekly letter with a smile, the laugh being on good natured Arthur Delbo of Lake Forest. Seems the neighbors have been having a lot of trouble with skunks who like the area so well they had moved in and made their permanent home under some of the dwellings. Arthur volunteered to get rid of them for unhappy populace and in conducting the business of extermination a bit of the well known odor clung to him, so now he has been given the moniker of "Stinky". He's been down in Auburn for several days visiting and getting a change of air.

There appears to be one spike buck at Lake Tahoe with an apparent interest in religion, for last Sunday he remained in the vicinity of Corpus Christi Catholic Chapel all during the services —not 50 feet from the curious congregation who took movies and snaps of him at leisure. The same morning a doe was seen a few miles further south on the highway nursing two spotted fawns at the side of the road, giving no heed to passing motorists.

Leave you for the week and sincerely wish our service-bent young people God's speed and a safe and quick return home. My best to all, as ever, Swanee.

New Trial Is Granted Accused by Justice

TAHOE CITY— Justice of the Peace C. W. Vernon of Tahoe City has granted a new trial to Albert W. Hansen on August 12 in the local justice court. Hansen's former wife on July 11 filed a petty theft charge against him, claiming he removed articles from her cabin near Rampart on the Truckee River valued at $50. Hansen was found guilty at the first hearing and asked for a new trial, claiming new evidence will prove him innocent. The judge granted his plea and continued his bail at $100.

LAKE BIKE MARK IS BESTED BY BAY AREA CYCLIST

TAHOE CITY— On Friday, August 4, Bruce Lathrop, member of the Western Wanderer's Bicycling Club of San Francisco, rode his English racing bicycle to a new record for the 75-mile shoreline course of Lake Tahoe. He made the trip in 4 hours 21 minutes, lowering by 37 minutes the record established July 9 by Ubaldo "Iron Man" Manocchi of Tahoe Tavern.

Lathrop started at 8:55 a.m. from Tahoe City and returned to the starting point at 1:16 p.m. Brief stops were made at Zephyr Cove, where a milk shake was sipped through a straw while the rider continued on, another stop being made at Camp Bliss on the western shore where huge quantities of water were consumed.

Lathroy came to the lake accompanied by Mrs. Annette McFarland and Andy Howatt, also members of the bay area bicycle club. The former rode a lightweight Swiss made cycle and Howatt an English wheel. They also circled the lake but were not out for records and made the trip in leisurely fashion.

The trio on July 28 had an exciting ride when they cycled from Carson City up Gold Hill to Virginia City. At noon that day they claim to have sighted 15 or 20 flying saucers, circling in the clear blue sky for about ten minutes at an altitude estimated at around 3,000 feet. The trio say they watched the bright, shining discs circling in the sunlight until they disappeared in circling fight over the mountains that flank Lake Tahoe.

Other side trips enjoyed were from Truckee to Reno and from Tahoe City to Hobart Mills.

Jerry Quam, son of Mr. and Mrs. Oscar Quam of Tahoe City, won first prize last Thursday night at Tahoe Tavern's amateur night. Jerry pleased with his accordian renditions of Il Sirio and Beer Barrel Polka.

SUNDAY SPEAKER

Bishop Porter announces that guest speaker at the Outdoor Chapel, Episcopal, near Tahoe City on Sunday, August 13, will be Dr. Robert Burns, president of College of the Pacific at Stockton. More than 400 persons attend services at 11 a.m. each Sunday at the chapel.

Bishop's Guests—

Guests of Bishop and Mrs. Noel Porter at their Tahoe summer home over the past weekend were their son, Noel E. Porter, his wife and daughters, Diane and Patsy, of Palo Alto; Rev. and Mrs. Frank H. Buck of Grass Valley.

In Woodland—

Mrs. Richard Carnell and sons, Jimmy and Tommy, are guests at the Woodland home of Mrs. Tom Walker. Accompanying them is Mrs. Carnell's sister, Patricia Walker of Woodland, who spent a week vacationing at the Carnell's home in Tahoe City.

Tahoe Vacation—

Mr. and Mrs. Lamoine Becker of Lodi are enjoying vacation at their summer home in Timberland Tract, Lake Tahoe. Mrs. Beckman arrived June 25 and was joined recently by her husband for the month of July. He arrived on Monday for a week's sojourn and will accompany his wife home August 15. Guests arriving this week are Mr. and Mrs. Stanley Jones and children, Carol Ann and Janet Lynn, of Lodi.

Frazier Guests—

Recent visitors at the home of the Ray Fraziers in Lake Forest were their son, James, his wife and children, Eddie and Linda. Accompanying them were Robert and Pinky Dennis. All are from Los Angeles. Mrs. Frazier spent ten days in July at the home of her son and family in the south.

The county court house at Mariposa was built in 1854.

SITUATION IN KOREA

When military forces of the Communist government of North Korea invaded the new Republic of Korea on Sunday morning, June 25, people of peace-loving nations saw their negotiations to establish Korean independence burst in the flames of war.

Within hours after the attack, the United Nations, through its security council, resolved for an immediate end of the fighting, asking members to give every assistance to the United Nations toward this result.

The next day President Truman, in support of this request, ordered United States Air and Sea forces to give cover and support to Korean government troops. Later in the day the United Nations Security Council called upon all United Nations members to apply military sanctions against the aggressor.

Battle and bloodshed continues.

* * * *

Korea's history goes back more than 2,000 years. She was a civilized country in the days of the Roman Empire.

They have their own spoken and written language and an excellent, simple alphabet. Moveable type was used in Korea 50 years before its invention in Europe by Gutenberg.

The Korean peninsula, which juts out from the Asiatic mainland southeast of Manchuria, is 600 miles long, about 135 miles wide, and has an area of slightly more than 85,000 square miles, comparable to our state of Minnesota.

North Korea—that portion of the peninsula north of the 38th parallel —contains 48,468 square miles but only one-third of the 30,000,000 total Korean population.

Korea's climate is similar to that of the eastern seaboard of the United States between Maine and South Carolina. (In this region the 38th parallel is near the latitude of Richmond, Virginia).

South Korea produces rice and is potentially rich in other foodstuffs. It has comparatively few industries.

North Korea is depended upon for chemical fertilizer, power and coal. Its industry is supported by mineral deposits and has well-developed hydroelectric power plants.

* * * *

Historically, Korea has been a high road to war and peace. The

Japanese first invaded it with a large army in 1592, but were thrown out by Korean and Chinese forces.

Until the latter part of the nineteenth century Korea was largely under the political and cultural influence of China. In 1894-95 Japan eliminated Chinese influence by force of arms.

Rivalry between Japan and Russia over control of Korea climaxed in the Russo-Japanese War of 1904-05. Japan emerged the victor. From 1910 until the Japanese surrender on September 2, 1945, Korea was an integral part of the Japanese Empire.

* * * *

At Cairo (1943), United States, China, and Great Britain promised that Korea would be free and independent.

The Soviet Union agreed to it when it entered the Pacific War against Japan in August 1945.

When Japan surrendered, it was agreed that for military convenience the U. S. S. R. would accept surrender of Japanese forces *north* of the 38th parallel; and the United States, *south*.

But after the surrender, the Soviet Union began to block off northern Korea at the 38th parallel, finally establishing a virtual "iron curtain."

All elementary school children between the ages of six and 14 are invited to attend the Shrine Circus at Reno Wednesday, August 16, at 2:15 p.m. Buses will leave from the Kings Beach school at noon, from Tahoe City at 12:30 and Truckee at 1:00 p.m., E. Mackay Stadium of the University of Nevada at Reno again will be the Mecca for the young in heart for four days and nights, starting Wednesday, August 16, and continuing through Saturday, August 19, when the attraction will be the third annual Kerak Shrine-Polack Bros. Circus. Thousands of children from all over northern Nevada and neighboring California counties will be brought to the matinees in special buses and on two special trains Wednesday, starting from Winnemucca, Nev., and Susanville, Calif., respectively.

This year's circus is declared by General Chairman Lester Hilp to be the greatest ever presented by the Shrine and Polack Bros.

Magnificent horses and world's champion bareback riders make up the impressive equestrian extravaganza of the Giustina Loyal-Repensky Family. Astonishing feats of aerial audacity are executed by Lalage, the Sikorska Duo, Rose Gould Trio and Seven Ward-Bell Flyers.

Other top features are Melitta and Wicons, Swedish high perch artists; the Shyrettos, ace cyclists; Hubert Castle, wizard on the wire; the Seven Brannocks, whirlwind acrobats; Linon, European pantomimist, and Alfredo Landon's tumbling midgets from the Argentine.

Animal acts of varied appeal are Pallenberg's educated bears, Woolford's unique trope of performing dachshunds, Whitbeck's famous movie-trained elephants, and Docky's basketball-playing boxer dogs. Clowns, headed by the famous Otto Griebling, plentifully spice the program with their wacky whimsies.

Afternoon and night performances will be given all four days at 2:15 and 8:15.

The following were weekend guests at the J. E. Kaler home: Mrs. Robert Hayes, Mrs. James F. Bursch, Miss Dorothy Hayes, Mrs. Sam Cavitt, and Mrs. Max Wing, all of Sacramento. The Kalers took their company to Squaw Valley and Lake Tahoe while they were here.
